

## REMARKS

Claims 1-41, 63-64, 67-69 and 72-74 are pending in the patent application. Claims 42 and 70 are canceled, and the remaining claims were withdrawn.

The claims have been amended to place the allowable claims in condition for allowance, as follows:

First, the claims are amended to eliminate the "characterized in that" language in all the independent claims based on the point raised on page 3 of the Office Action.

Second, claims 1-12 and 42-48 are rejected based on a proposed prior art combination. However, it is respectfully submitted that there is a slight inconsistency on form PTOL 326 between the pending claims, rejected claims and objected claims. Moreover, there is also a slight inconsistency between the indication of the claims examined at the top of page 3, the indication of the claims rejected on page 3 and the indication of the allowable claims on the bottom of page 5.

According to the understanding of the the Office Action by the undersigned attorney, claims 1-12 and 42-48 are rejected, and claims 13-41, 63-64, 67-70 and 72-74 are allowable. In view of this, claims 13-41, 63-64, 67-70 and 72-74 are amended herein so as to be placed in condition for allowance, as follows:

Claim 1 is amended to include the limitations of claims 8, 9 and 13.

Kindly note that claim 13 is not rejected on pages 3-5, but also is not listed as an allowable claim at the bottom of page 5. Based on this amended, claim 13 is believed to be in condition for allowance.

Claims 25, 31, 63, 68 and 73 are amended to include the limitations of claim 1 from which they depend. Claim 8 is amended to depend from claim 25 and is believed in condition for allowance.

Claims 40 and 41 are amended to include the limitations of claims 1, 8 and 39 and are believed in condition for allowance.

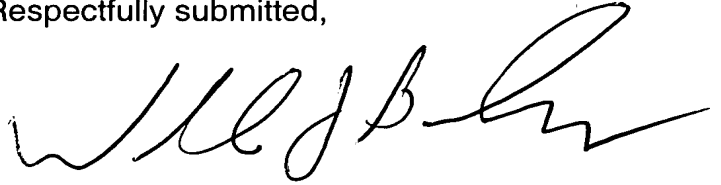

Claim 64 is amended to include the limitations of claim 42. Kindly note that claim 64 is not rejected on pages 3-5, but also is not listed as an allowable claim at the bottom of page 5. Claim 64 recites a mobile terminal having a similar limitation as claim 63, which was listed as an allowable claim at the bottom of page 5. In view of this, claim 64 is also believed to be in condition for allowance. Claims 43-48 are amended to depend from claim 64.

Claim 69 is amended to include the limitations of claim 42. Kindly note that claim 69 is not rejected on pages 3-5, but also is not listed as an allowable claim at the bottom of page 5. Claim 69 recites a mobile terminal having a similar limitation as claim 68, which was listed as an allowable claim at the bottom of page 5. In view of this, claim 69 is also believed to be in condition for allowance.

If there are any remaining issues, the undersigned attorney encourages the Examiner to call to discuss the same.

Reconsideration and early allowance are respectfully requested.

Respectfully submitted,
